ABOUT THE SHOW

In just their first year, The Kings of Queen have performed at the most reputable venues throughout the United States. Their coverage includes Northern California, Nashville, Utah, Las Vegas and all over their home base of SoCal. Namely, their festivals include the Murrieta Bash that hosted more than 5 thousand attendees. Moreover, their most notable venues include the famous Virgin Hotel and House of Blues in Las Vegas. In 2024, The Kings of Queen performed 103 shows in 80 cities. Despite the numerous voices on Queen records, The Kings of Queen possess the ability to bring the 4-part harmonies live to the stage. Consequently, this transforms the live performance into a showcase matching the recorded treasures.

WHAT PEOPLE ARE SAYING

★★★★★
J DE LORME

The Kings of Queen are exceptional entertainers - engaging with the audience and passionate. It was great to experience Queen again!! Additionally, they are just kind people too! Highly recommend them. Wish they played the whole night at the event vs having to share the venue!! They totally dominated.
